Team Quality and Engagement

Collaboration or Support by Health Research BC Department
Are you collaborating with or receiving support from a Health Research BC Department (including BC SUPPORT Unit, Clinical Trials BC, Knowledge Translation, or Research Ethics BC)?
Yes

If "YES", please provide further information.

Department Name: Clinical Trials BC
Contact Name: Please provide the name of the collaborating person
Contact Email: sample@department.ca

Team Members

Qualifications and Experience
Briefly describe why your experience and qualifications make you particularly well-suited for your role in co-leading the activities that are proposed in this application.

Pathway to Impact (Knowledge Translation Activities)
Please describe any past and/or current knowledge translation activities that you have engaged in relevant to this project. What were the impacts (or intended impacts) and how has this informed the KT activities that you have proposed for this project?

Team Members List

<tr>
<td>Team Member</td>
<td>Organization 3</td>
<td>Title 3</td>
<td>Trainee</td>
<td>Researcher is responsible for Z portion of work</td>
</tr>
</tbody>
</table>

Trainee Role
Please describe what role the trainee(s) will have in the project. How will their inclusion provide professional development opportunities, including opportunities to develop their leadership experience and KT skills? Indicate their level of participation in the proposed work (e.g., hours/week, FTE percentage).

Engagement of Researchers and Research Users
How will researchers and research users work together to collaboratively plan and implement the proposed activities?
Third Parties

Please click on the THIRD PARTY section on the left navigation pane to enter contact information for the following individuals: 1. Research User Co-Lead 2. Department Head

Your third parties must submit their own tasks. You may monitor this table below in your application to see the status of their activities. The Activity Status will change to “Submitted” once they have submitted their tasks. You will not be able to submit your own application to your host institution until their tasks are submitted.

If you have just added or updated the information in the Third Party tab click the Save My Work button to save your changes, at which point their information will populate below.

Quality of Proposed Work

Project Information

Project Title
Project Title

Lay Summary
Please enter a short description of your proposed dissemination event, activity, or tool, highlighting key elements and outcomes you hope to achieve. The lay summary should be written in plain language to guide Health Research BC staff in the facilitation of the peer review process, and provide reviewers with an introduction to your proposal.

The summary must be written in a way that a non-specialist and non-scientific audience can understand. It is an integral part of your funding application, and if successful will be posted to the Health Research BC website and used to share information about the valuable research supported by public funds.

Keywords

Keyword One: Rehabilitation
Keyword Two: Substance Use
Keyword Three:
Keyword Four:
Keyword Five:
Does your proposed research have a central focus on Indigenous Health?
Yes

Previous Health Research BC Awards

Does this work build on existing work funded by a Health Research BC award? Please indicate "Yes" or "No".
No

Previous Applications
Yes

Response to Previous Reviews
If you were previously unsuccessful in applying for this Health Research BC program on the same proposed work, please provide a response to your previous reviews. Please quote the feedback which you are responding to. Your response should address issues identified in the previous review and provide solutions/corrective actions even if the current project contains changes from the previous submission.

Proposed Work

Purpose and Objectives
Describe the purpose and objectives of the proposed activities and explain how they align with the purpose of this funding opportunity.

Description of Proposed Work
Provide a description of the dissemination activities to be developed and implemented. Be sure to include the following:
A brief description of the research evidence that forms the basis for the proposed work. Include references where appropriate.
How the proposed activities are appropriate for the intended audience, and how the activities will benefit them.

EDI Considerations
Describe any concrete practices or resources you will use to meaningfully and appropriately account for equity, diversity and inclusion (EDI) in the design of your KT activities and team. Health Research BC recognizes that meaningful approaches to support EDI in research and KT will vary depending on the research topic, discipline, audience, etc.

Work Plan and Timeline
Expected Outcomes/Outputs
Describe the expected outcomes and outputs of the proposed activities, including how they could impact health research, the health system, and the health of British Columbians.

Letters of Support

Letters of Support (Cash or In-Kind Contributions), if applicable

Letters_of_Support.pdf

Total Files: 1
**Work Plan and Timeline**

Please upload a 1-page work plan with a timeline and milestones. The activities must take place between October 1, 2023, and September 30, 2024.

Reviewers are not required to read Work Plan and Timeline attachments longer than one page.
**Letters of Support**

Letters of Support (Cash or In-Kind Contributions), if applicable

**New for 2023**: Clarification on Letters of Support - Health Research BC **cannot accept letters of support** from departments within Health Research BC (including Clinical Trials BC, Knowledge Translation, Research Ethics BC, and BC SUPPORT Unit).

Applicants who plan to collaborate with or receive in-kind support from Health Research BC departments should provide their contact details under the "**Collaboration or Support by Health Research BC Department**" section. After the collaboration is successfully validated the application will be modified such that peer reviewers will be able to see the name of the collaborating Health Research BC department and the following statement will be added: “Health Research BC staff have internally validated this collaboration. This statement is intended to replace the Letter of Support to verify plans for a collaboration between the applicant and Health Research BC Department. This statement is not an organizational endorsement of the proposed work.”

Health Research BC encourages applicants to identify additional sources of funding for the proposed activities if doing so would enhance the quality or timeliness of the outcomes and/or outputs of this proposed work. If you are including letters of support, ensure letters of support:

1. Identify the **amount** and **type** of support (i.e., cash or in-kind).
2. Identify the source of support.
3. Identify whether the contribution has been applied for or already received.
4. Letters of support should be signed by one individual and must clearly articulate the signatory’s knowledge of and interest in the outcomes of the proposed work.
